10	Eshant Mishra	Nepal	Master in Structural Engineering	Japanese Language

The summer program was very interesting with a lot of activities that introduced the Japanese culture and traditions. The various sub courses encourages students to go out of their respective fields of study and broaden their thinking. This is a pictorial report for future participants of the program. As a participant myself I highly recommend this program to my fellow students.

one of the four cats at ochanomizu university

Orientation program at Ochanomizu university
